Deceased Student Liability

In the unfortunate event that a current student has died, once the college receives official notification, the student's record will be coded as such by the Director of Registration or designee. This must be confirmed through a death notice from the newspaper or by the parents or next of kin. The college will follow the prescribed determination of liability as is outlined in the regulations.

- The college will subsequently relieve the deceased student of any liability remaining with the college and through the DEC screen the student will no longer receive mailings.
- The college will notify ASC of the student's death and any debt with them will be determined by ASC and Follett.
- Any refunds will be distributed to the deceased student's next of kin.

Appeals

Under no circumstances will a student's appeal be reviewed for liability if the student has received federal or state grants, and did not complete the required course work. Appeals will only be reviewed if filed within one year after the term in question. Non-attendance in class, informing the instructor of a withdrawal, or stopping payment on a check does not constitute official withdrawal notification.

Students with overdue tuition and fees may be referred to a collection agency and will incur additional liabilities for all associated collection costs processes.

Students should allow at least six (6) weeks beyond the Liability/Refund Period for refund checks to be processed.
